and Wool Continue to Go in Price and the Demand is Heavy.

September 15.—R. G. Dun & Co. Review of Trade tomorrow. Better than all other news, of August commerce shows the United States business to be larger than ever before in its history. Exports were \$37,929,693, a record for the month. Imports were \$30,349,000, a record for the month. Exports of staples were larger than last year, but also imports of other products, mainly from the United States, were larger than last year. money to a 6 per cent level was largely the result of the action referred to above, taken by Secretary Gage, supplementing the discovery of Wall street that any acute fears on the score of stringency in money were premature. The decline in exchange rates, which were one of the results of the rise in interest to some discussion of the possibility of gold imports. It is, however, generally conceded that at the present time a movement of that kind is unlikely, inasmuch as the situation in South Africa and the financial position at Berlin still impose caution on the international money markets and would produce resistance to any movement of specie to this country.

BRADSTREET'S COMMERCIAL.

General Business of the Country is in a Prosperous Condition. New York, September 15.—Bradstreet's will say tomorrow: With comparatively little stock or other speculative activity and with few strong new features presenting themselves, the general business of the country goes forward at a good pace and in unprecedented volume for this period of the year. Fall trade appears to be at its maximum, judging from advice of activity and strength of demand reported alike from Eastern and Western markets and shared in also by most South Atlantic and interior Southern States. Yellow fever at some points resulting in quarantine regulations has tended to restrict business at a few markets, notably New Orleans, while unfavorable crop and weather conditions limit business at Galveston.

Iron and steel are quiet, but very strong at the East. Blast furnaces reports show that the current consumption and production are not far from normal. Production falls to show the expansion looked for and while current work is at the rate of 14,000,000 tons per year, estimates of the crude petroleum in the country do not run much beyond 12,500,000 tons.

The notable strength of cereals this week is shown in corn, where paucity of old supply leads to the rumor of a September advance. The government report was temporarily stimulating. Weather conditions are partially responsible for the better demand for butter. Crude petroleum is also stronger. Cotton and hides are scarce and high. Cotton is a shade lower on the week, owing mainly to the failure of foreign spinners to accept current government and other advice. The cotton crop conditions. The strength in cotton goods is, however, notable.

Lumber retains all its old strength and some new strength is reported for advanced quotations at several centers. This is true also of most building materials with the exception of brick, which is rather weak, owing to reported overproduction.

Wool is firm at all and higher at some markets and much interest is taken in the next London wool sales. Woolen goods are strong, although some manufacturers are slow to accept the advance in raw material. A number of mills are reported to have instructed their agents that their order books for spring delivery are filled.

STAGE COACH HELD UP.

Passenger Highwaymen Robbed the Stage. Napa, Cal., September 14.—The Callisto and Lake Port stage was held up today by a solitary highwayman, who made off with the express box.

At "Desperate Bend" the driver of the stage was confronted by a masked man with a revolver and shotgun. The passengers were commanded to dismount from the stage and were drawn up in a row while the highwayman absconded with the express box of Wells, Fargo & Co., but the United States mail bag was left alone. The highwayman then turned his attention to the row of eight frightened passengers, who he ordered to deposit on the ground their money and valuables. Rev. C. F. Coy, pastor of the Methodist church at Middletown, one of the passengers, was returning from the annual conference of the denomination at Pacific Grove, handed the bandit \$5, remarking, "I am only a poor preacher and that is all I have." Upon this statement, the highwayman turned to the passengers, who he ordered to deposit on the ground their money and valuables. Rev. C. F. Another Advance in Beef.

New York, September 14.—The World says: The price of beef has again gone up. There has been a further advance of one-quarter of a cent over the top notch price of 10 cents per pound. The question of taking organized action in regard to the price of meat will be acted on definitely next Tuesday night by the New York Retail Butchers' Mutual Protective association.

Two Years for Rape.

Corpus Christi, Texas, September 15.—Jesus Ortiz, charged with assault and rape perpetrated on an old Mexican woman 75 years old in this city several months ago, was sentenced to two years in the State penitentiary. The jury returned a verdict last night assessing his punishment at two years in the State penitentiary.
